

SMT-AL1

LED Strobe & Siren Door Alarm

The SMT-AL1 is a high-performance sounder with integrated strobe light, designed to provide reliable audio-visual alerts in emergency or alarm situations. Ideal for access control systems, alarm panels, and industrial safety applications.

Key Specifications

- Durable ABS Housing
- Bright, high-visibility LED Strobe
- High-decibel sound output for clear emergency signal

Model	SMT-AL1
Operating Voltage	12VDC
Rated Voltage	24VDC
Current Consumption	280mA
Sound Pressure Level	107 ±3dB @ 1m
Flashing Frequency	150 times/minute
Dimensions (L×W×H)	122.2 × 72.8 × 43 mm
Material	White ABS & Transparent Red PolyStyrene (PS)
Net Weight	0.135 kg

Dimensions (mm)
